### Prudham To Get Post In Cabinet

May Succeed  
Dr. McCann As  
Mines Minister

An Ottawa government announcement appointing George Prudham, MP for Edmonton West, to the federal cabinet is expected in the near future, the Bulletin learned today.

Talk in political circles is that Mr. Prudham will get the post of minister of mines and technical surveys. This portfolio is now held by Hon. Dr. James J. McCann, who is also minister of national revenue.

Dr. McCann will continue as national revenue minister if Mr. Prudham is appointed to the mines post, according to political "experts."

Dr. McCann has been visiting Edmonton for the past five days with high officials of the mines department.

**ALBERTA NEEDED**  
Because of Alberta's growing importance in the Canadian mineral picture, it is felt the government should send a cabinet representative to this province to be absolutely essential.

Senator James A. MacKinnon, who continued as minister without portfolio, is said to be anxious to retire from the cabinet after continuous service for more than 18 years. Announcement of his retirement is expected simultaneously with appointment of Prudham to the cabinet.

Prudham has been serving as parliamentary assistant to Resources Minister Winter. He was elected MP for Edmonton West in federal general elections of June, 1958.

### Calgary Visitor In City Hospital After Shooting

A Calgary visitor to the city is in good condition in University Hospital today following an accidental shooting in a South Side home last night.

Donald Nelson, 22, visiting friends at 831-50 avenue was shot through the chest when the .22 calibre rifle he was holding fell to the floor and discharged.

He was rushed to University Hospital at midnight by Jack Hays Ambulance.

—Photos by Black.

### Edmonton Man Unscathed in Explosion

BLAST RATTLED windows for blocks but J. W. Brown, Edmonton cleaning firm owner, didn't even lose his glasses when accumulated propane gas exploded as he touched starter of his car this morning. Garage was blown sky-high and car badly damaged. Brown emerged unscathed

from behind wheel while "debris was still falling." Loose connection which allowed propane from tank in luggage compartment of the car gather was blamed for explosion. Bulletin received scores of calls from mystified north end residents. (See story, Page 3.)

### Defence Plan For Canada Rated Peacetimes's Biggest

By Milton MacPhail

OTTAWA, Oct. 26.—(BUP)—Canada reached into two continents today with the most far-reaching defence preparedness program in its peacetime history.

A fast move, brought on by Communist threats to world peace, saw industry geared to world peace, the United States in a revival of the Second World War Hyde Park agreement, and had the army hurrying to ship guns and ammunition across the Atlantic for Western European defence.

Developments in Washington and Ottawa, highlighted what several defence officials called the most extended program of self-protection and military aid this country ever had undertaken in peacetime.

While Canadian Ambassador Hume Wrong signed a defence production treaty in Washington, the army uncramped its unused Second World War stocks of rifles, machine guns, anti-tank weapons and ammunition and labelled them for immediate shipment to The Netherlands.

Defence Minister Brooke Claxton announced late yesterday that the shipment, enough to fill the needs of a complete infantry division, was only the first of several more.

### PLAN SOLVES AUTO PARKING

How the City Centre will solve one of Edmonton's greatest problems — auto parking—is told in the third of a series of articles on the Downtown project on Page 6.

### Rickey Steps Out Sunday

BROOKLYN, Oct. 26.—(AP)—Baseball Rickey said today he is stepping out of Brooklyn Dodgers organization Sunday.

The 48-year-old baseball boss made the announcement after he had been supplanted as president of the club by Walter O'Malley, one of the chief stockholders, in the club.

Rickey's contract as general manager expires Saturday midnight. He had been at the helm of the Dodgers for the last eight years.

The bushy-browed executive said "I feel free to go anywhere in baseball" but refused to discuss details involving his sale of 25 per cent of the club's stock.

Rickey, himself, announced O'Malley's selection after a meeting of the club's board of directors.

### Markets At A Glance

TORONTO, Oct. 26.—(CP)—The market declined strongly for the third straight session on the Toronto Stock Exchange today.

A forenoon selling flurry which lashed all day was attributed by speculators to rumors of Chinese intervention in Korea, and news that President Truman planned calling a special session of Congress to work on aid excess profits tax. Activity was brisk and the volume was about 1,500,000 shares.

NEW YORK, Oct. 26.—(AP)—Two waves battered the Stock Market today. Prices fell \$1 to more than \$3 a share before finding a bottom.

Nearly \$2,000,000,000 was hacked off the market value of all stocks listed on the exchange.

The plunge was the steepest since the postwar drop in Korea, followed outright war in Korea.

NEW WESTMINSTER, B.C., Oct. 26.—(CP)—The New Westminster Royals of the Pacific Coast Hockey league were under new ownership today.

Fred Hume, New Westminster industrialist, has purchased a half interest in the Royals from W. Gregg, wealthy Fresno, Calif., fruit packer, who bought into the club two years ago. The purchase price was reported to be \$250,000.

Hume will be associated with Vancouver's Ken McKenzie, manager of the Royals.

It was reported that coach Bert Pett may buy into the club at a later date.

**Prices Increase On Detergents, Soap Flakes**  
Retail prices of soap flakes and powder went up two cents on the large package and four cents on the giant package in Edmonton stores this week.

An increase of one-half cent is reported for laundry and toilet soap in regular and bath sizes. The hike has been general in Canada, according to wholesalers. It is attributed to higher prices for tallow and vegetable oil, which caused rises in wholesale prices about ten days ago.

### SCs Start Drive In National Fight

Federal Group Will Open Offices In Edmonton Shortly

By Pat McEvan

Social Crediters today took the first step in making a bid for national power.

New National Social Credit party president, E. G. Hansell announced the opening of a national office in Edmonton from which will radiate the party's national campaign.

Visiting Edmonton to assist in setting up the office at Social Credit League headquarters here, Mr. Hansell said: "We are laying the foundation now for a constructive organization through which the party will eventually make a serious bid for national power."

"It will be a calculated campaign there will be no feeling because we are not going to take any chances on failures," said Mr. Hansell.

"The job of sweeping the country 'will be a tough one,' Mr. Hansell admitted, "but it will not be an impossible job," he said.

**FIRST OPPOSITION**  
"Our immediate strongest opposition will be the Liberal party," he said.

"But if the country divides into two camps—a left and a right party, as seems likely our biggest opposition will be the GCF," Mr. Hansell said.

In a showdown fight, the Social Credit party would campaign against the GCF as the basis of private enterprise, supported by the Alberta party, against public enterprise advocated by the GCF party.

The Social Credit national party's Edmonton office will go into action almost immediately, it was indicated by Mr. Hansell's visit here.

**BASE OF CAMPAIGN**  
"The organization and administrative base of the campaign will be at Edmonton, because Social Credit members of parliament live in this province, and our provincial treasurer and organizer, Orvis A. Kinsley, is in Edmonton," Mr. Hansell said.

Mr. Hansell also announced the appointment of Dr. H. H. Bennett of Canmore as secretary to the board of directors of the national party.

**CITY MAN JALLED**  
CALGARY, Oct. 26.—(CP)—John W. Ingram of Edmonton, found guilty of assault occasioning bodily harm to Al Jennings, taxi driver, Friday night, was sentenced to two months imprisonment at hard labor by Magistrate G. H. Rose today.

**SHOOTING VICTIM DIES**  
TORONTO, Oct. 26.—(CP)—Michael Burdick, 26, shot in the back during what police called a street-corner argument about Communism, died in hospital today.

John Picco, 51, the man police charge fired the fatal bullet, had been charged earlier with attempted murder.

**CONSTRUCTION BAN**  
WASHINGTON, Oct. 26.—(CP)—The U.S. Atomic Energy Commission today said that Canada, if it wants to follow the United States' action in imposing a ban on all amusement construction.

The U.S. National Production Authority forbade, as of midnight tonight, the start of new theatres, night clubs, race tracks, exhibition parks, and parks and football stadiums and similar projects.

**Only 1 Russ Atomic Blast**  
WASHINGTON, Oct. 26.—(AP)—President Truman has no information that the Russians have ever produced more than one atomic explosion, he said today.

Truman told a press conference that insofar as he knows, there has only been one atomic explosion in the Soviet Union. On Sept. 23 last year he reported that one.

Truman also said it is his understanding that only South Korean troops will occupy the north portion of Korea in the final drive to victory. He said he understands Korean divisions occupy the Korean peninsula on the Korean side.

It is his understanding, he said, that American troops will not go to the border.

**O.C. Rugby**  
LONDON, Oct. 26.—(Reuters)—Bedford defeated Cambridge 18-0 in a Rugby Union match today.

### OBJECTIVE OF \$2,000 SET FOR FUND

### Curlers' 199 Club To Aid Crippled Children

Alberta's curlers are sweeping hard to score an eight-ender for the most pathetic little people in the province—the crippled children.

Inspired by Billy Rose of Sedgwick, often referred to as Alberta's Mr. Curling, they have formed the "199 Club" with an objective of \$2,000 for the children's fund.

Indications are that curlers will be down this year in the Big Associated Canadian Travelers' Auction "Soled," and that means less money for the fund. The "199 Club" has been formed to make up for this by personal subscriptions from curlers. The club's board of directors.

Objective of the club is to sign up 200 curlers who will each put up \$10 for the special fund.

"They call it the '199 Club' because each has pledged to pay \$10—provided 199 others are also willing."

The big fund will be earmarked specifically for the crippled children's fund and will not go in with regular hospital funds.

Trisko, of Sandy Rapids, Alta. The club is suffering a serious hit condition and has been in and out of hospital several times during the past year. She is in University hospital at present. She has been chosen as typical of the children the travellers' fund is bringing back to health and happiness.

"Money for little Margaret's cotter operations and treatment would never have been available if it had not been for the fund," said Harry Nelson, chairman of the ACT hospital committee.

MARGARET TRISKO

—ACT hospital queen

# Autumn Heat Wave Tops U.S. Records

## Scores Of Cities In States Chalk Up Record Fall Highs

WASHINGTON, Oct. 26.—(CP)—A mid-autumn heat wave, described by the United States Weather Bureau as one of the "most intense in history for late October," is bringing record high temperatures in scores of cities from coast to coast.

## Trial Opens Over Knifing

Supreme Court trial opened today for Peter Kinsky, 30, fixed address, in connection with the knifing of an Edmonton cook in a hotel room struggle Aug. 26.

Kinsky is charged with wounding 40-year-old Jim Pappas, 3631-104 avenue.

Pappas was found unconscious in the early morning lying in a pool of blood in Queen's hotel room near Kinsky's room.

Pappas today told of meeting Kinsky, an acquaintance from eastern Canada, and going up with him to his room for a few drinks. He said Kinsky drank beer and was very drunk when the talk turned to Communism.

The night clerk warned him twice about the noise and the security time threatened to call the police, so Pappas said he undertook to quieten his friend.

Kinsky then turned on him and said and stabbed him before he realized he had a knife, Pappas said.

## Eight Mail Routes Added

Edmonton's increase in population during the last four months has caused postal officials to put into effect eight new mail routes throughout the city.

Six of the new routes are on the north side and two on the south side.

This brings the total number of letter carrier routes on north side to 101 and south side to 30.

Since June of this year, the number of households and business places receiving mail has shown an overall increase of 1,421 to date. Of this, householders received 1,251 and business establishments 90.

Recent surveys show that there are 42,100 households and 4,600 business establishments receiving mail through letter carrier service to date.

## French Forces Withdraw Farther Toward Loakay

SAIGON, Indo-China, Oct. 26.—(UPI)—French troops battling the Communist rebels today in the jungles of northern Indo-China fell back farther today toward Loakay, western end of the Chinese border defense line.

A large French communiqué announced that French forces east of Loakay had withdrawn to new positions.

It indicated that the French had abandoned Baophat, a stronghold for an apparently imminent attempt to strike across the stream and encircle at the junction of the road Loakay.

## Canada Begins Huge Arms Plan

(Continued from Page 1)  
to follow. He did not disclose in advance where the other would go.

WASHINGTON PACT Under the Washington treaty, which was signed by Canada and the United States, the two countries assumed equal priority to buy strategic materials and finished arms in each other's territories.

A trans-Atlantic exchange of notes between the Canadian and Netherlands governments, meanwhile, pledged this country to have enough rifles, other type guns and ammunition on hand to supply the Netherlands by the middle of next month.

The shipment was earmarked for the Netherlands, which sent a list of its soldiers and armor to Canada for training in the Second World War under provisions of the North Atlantic Treaty organization to which the Dutch government is a party.

The Netherlands will be paid for out of \$300,000,000 set aside for aid to European countries during a special session of parliament called last August.

## REPLACE ARMS

Claxton said Canada would replace the Netherlands-bound arms with new purchases from the United States and increased production at home.

Claxton headed for Washington today to attend a four-day meeting of the North Atlantic defense committee lining up an intensified defense effort for western Europe.

His plan, which was expected to include volunteer troops from the members under a supreme commander, will later go before political defense chiefs of the NATO countries for approval by their governments.

It was believed here that Canada would offer the bulk of its special United Nations brigade for European service.

The 5,500-man force was expected to be allocated to the fast-finishing Korean war, and then only for occupation duty.

## Resources Of 2 Nations Grouped

WASHINGTON, Oct. 26.—(CP)—Canada and the United States, in an unprecedented peacetime step, formally agreed today to co-ordinate their resources, skills and economies for the "common defense" of both countries.

Trade Minister C. D. Howe of Canada, who witnessed the historic signing ceremony, said in an interview that the agreement marks a new advance in peacetime economic co-operation.

"It was the sensible thing to do," he said. "It will simplify our job and indicate to all concerned that we really are working together."

## RUN INDEFINITELY

Six economic principles are embodied in the agreement, drawn up at the state department by Hume Wrong, Canadian ambassador to

## Chinese Red Forces Reported Inside Tibet

CALCUTTA, India, Oct. 26.—(AP)—The Kalimpong correspondent of the newspaper said today invading Communist Chinese forces are well inside Tibet.

He reported the Communists were only a day's march from Newel (Lhasa), which lies about 50 miles northeast of Lhasa, capital of Tibet. The correspondent said the Chinese have reinforced Newel with 10,000 picked troops.

The Communists were reported by this correspondent to have made their first thrust south of Dugana Pass and beyond Chanderi where the defending Tibetans were massacred, in order to threaten Newel.

Lhasa radio broadcasts heard in Kalimpong said the Tibetans are shocked and dismayed by the Communist invasion. Lhasa regards the invasion as direct aggression and is determined to fight, despite the Communist superiority in numbers and equipment.

He said radio reports from the capital indicated there was a possibility the 15-year-old Dalai Lama, spiritual ruler of Tibet, and other high officials would flee Lhasa should resistance prove hopeless.

The United States and State Secretary Dean Acheson.

They go into effect immediately and will run indefinitely. No terminating date is mentioned.

Doing in peace what the Hyde Park agreement of 1941 did in war, the agreement indicates that b-r-d-chips will remove "as far as possible" all barriers which impede the flow of arms and materials between Canada and the United States.

There are virtually no barriers to the import of American goods into Canada. However, Canada has experienced some trouble in the past in getting U.S. arms under the Hyde Park agreement.

Hydride items from high U.S. tariffs on foreign arms and restrictive legislation, only recently rendered ineffective by executive action.

## COMMON SUPPLY

The principles, besides indicating that the United States will do what it can to remove the obstacles, do these other things:

They provide for a common supply of strategic materials through the interchange of technical knowledge and productive skills, creation of allocation and priority controls, and consultation on problems of finance and foreign exchange that may develop as a result of the agreement.

How emphasized that through the agreement calls for joint allocation and priority controls it does not signify the immediate creation of priority and allocation controls in Canada.

A plantation of red oak planted eight years ago in Quebec's eastern townships now is 16 feet high and growing rapidly.

## RCAF Band To Go South

The famed band of RCAF north air command has received enthusiastic receptions everywhere it has played on its tour of the Peace River district.

The band, which returned to Edmonton yesterday, was heard for the first time by Peace River district audiences. The tour included concerts at Dawson Creek, Seasmith, Fairview, Manning and Peace River.

On November 3 the band will leave on a tour of southern Alberta.

## Bond Sales Well Ahead

Edmonton payroll plan sales in the current Canada Savings Bonds campaign are slightly ahead of the total set at this time in last year's drive.

This was announced yesterday by Eric M. Duggan, payroll plan organizer in the Edmonton area.

"Half a dozen corporations in Edmonton have already exceeded the final total they established in the 1949 drive," Mr. Duggan said.

Mr. Duggan gave following figures on present payroll results: applications for a total just short of \$1,000,000. Armed forces, including Northwest Army and Air command, 275 applications for a total of \$12,000. Civil service, federal and provincial, 600 applications for a total of \$11,700.

## RCME States Weekly Parade

Regular weekly parade of the 24th Trench Squadron, RCME, will be held tomorrow night at the Railroad at 8:30 p.m. A pay parade will be staged for all personnel who took part in Army Week.

SPRINGFIELD, Mass.—(UPI)—Mr. and Mrs. Joseph Proxik have been elected to the post of president and first lady of the La Salette Order.

## Explosion Wrecks Garage In City

### Blast Felt For Six Blocks As Spark Ignites Propane Gas

A propane gas explosion in a city motorist's car this morning shattered the garage housing it and rocked homes for six blocks around 1710-85 street.

J. W. Brown, owner of the car, said it was "a miracle" he survived the terrific explosion at 8 a.m.

The propane gas he uses to run the 1950 car was stored in the luggage compartment and exploded when Mr. Brown touched his finger to the starter this morning.

A loose connection which allowed fumes to gather in the luggage compartment is blamed.

### GETS MINOR BURNS

Mr. Brown escaped with only minor burns to his hand but the top of the compartment blew off the windshield and rear windows were shattered and the garage disintegrated, blowing out in all directions for a radius of 50 feet. One wall landed intact 30 feet away.

"It sounded like a plane crashed into the roof," said Mrs. M. Bear, 1714-85 street, who reported that one of her windows was broken by the explosion.

Brown commented: "It seemed like the whole world was coming down on me. I had just put my hand on the starter. Then there was a terrific flash, the car seemed to jump, and debris started falling all around me outside the car."

### CAR STANDS ALONE

Mrs. Brown looked out to find her car standing alone in the space where a garage once stood. Her husband was standing just inside the door and called to her at the same time the door, "It's alright. I'm not hurt."

Equipment from Nos. 5 and No. 7 fire stations responded to the alarm but the exploding gas had burned out in one brief flash without setting fire to shattered blocks of garage.

A four-hour fire also caused considerable damage to offices in a South Side building early this morning.

Two fire halls fought the blaze in the offices of the Sparling-Davis building, 7310-86 street before getting it under control.

Considerable damage was caused to the building by fire and water and a quantity of office equipment was ruined. The fire started in a closet beneath the stairs in the office and quickly spread to the second floor. It was reported at 2:17 a.m. Halls 2 and 8 responded.

District Fire Chief Jack Robinson was in charge.

The tall, tanned brigadier stated, "We are a United Nations force. Where they send us we will go. We are ready, advance, guard has fallen for Korea, Europe, Indo-China or anywhere else depends on a decision we should bear of very shortly."

Counting reports that 700 men of the special brigade were absent without leave, "Rocky" Rockingham stated that many were delayed by a landslide in the east causing many to be late reporting back from leave.

Another group were conscripted off an east bound train to fight a forest fire in New Brunswick and were unreported for two days. This coupled with the fact that many missed train connections and the usual number of AWOL's brought the 700 total. "Nothing to worry about," he stated. "The men are in high trim, ready and eager to go anywhere and do anything."

The brigadier left early this morning for Chilliwack to inspect engineering units. Following this, he will fly back east to round out his 31,000 mile inspection tour of all units of his command.

**Scholar Receives Memorial Cup**

Manuel Panar, grade 10 student at Westling High School, has been presented with the Dr. Kristy Memorial trophy, emblematic of the highest marks in grade nine final exams for various divisions.

Dr. A. G. McCalla, vice-president of the Alberta Federation of Home and School Associations, made the presentation at the regular meeting of the Mountain Home and School Association, held Monday night.

## Oils Follow Trade Down

Western oils dropped eight-tenths of a point across the board today following a sharp break in the market in New York.

The market, at an all-time high since 1929, is considered in a vulnerable position. But exact reason for the break today could not be immediately determined by financial experts.

Two main reasons were advanced. One was the report from Korea that Chinese Communists had evacuated South Korean troops on the Manchurian border. The second reason is the fear of new controls imposed by Washington.

Within a few minutes today losses on the New York Exchange piled up to more than \$2 a share. Steel and auto, recently popular, were particularly weak.

Orders to sell swamped the price-reporting machinery. The high-speed ticker tape lagged as much as eight minutes behind trading.

Local traders and investors were reported unswayed by New York developments. They described the market drop here as merely "softening."

**NAC Speaker**

Sgt.-Ldr. G. M. H. Hunt, Northwest Air Command intelligence officer, will address 700 City of Edmonton Wing, RCAF, Association, at their meeting, Nov. 6, at Canadian Legion Memorial hall. He will speak on "The Present World Situation."

EDMONTON BULLETIN, Thursday, Oct. 28, 1950

## ABOLISHMENT OF PARKING METERS DEMANDED HERE

Abolition of parking meters was demanded in a resolution passed yesterday by the Edmonton branch of the Alberta Motor Association.

Resolution charged meters have not proved effective in solving the parking problem and they merely represent another tax paid by the motorist.

Resolution charged meters were:

E. E. Bishop, C. E. Shaw, C. J. Ferguson, R. A. Gidson, C. H. Grant, R. L. Greene, A. P. Gregory, Dr. G. H. Hays, J. C. Macdonald, M. R. MacMillan, L. E. McQuarrie, Ronald Marland, A. J. Mathew, Don McAfee, Hugh S. Miller, E. Roper, M. L. A. O. Sanders, Howard Stubbart, Fred Turnbull, R. H. Turnbull, C. W. Turner and Henry G. Young.

Resolution charged meters have not proved effective in solving the parking problem and they merely represent another tax paid by the motorist.

## Korea Force Training Readies Troops Fast

Canada's Korea force is being whipped into battle shape three times faster than troops were readied for battle in World War II.

## Search For Missing Men Tapering Off

Search for the private plane missing with five aboard in the northern Alberta haze is gradually tapering off, Sgt. Ldr. C. E. "Bomber" Harris, search-master, said here today.

Four planes were scheduled to take off today to continue the hunt. Residents of Boyle, who earlier in the search reported seeing fires in their districts, phoned in a similar report last night.

RCAF operations sent an aircraft will be sent out tonight to cover the area, already thoroughly searched, in the event that the flames may be those of the missing men.

As a final measure they are planning to fly the group of Boyle residents who saw the flames over the area tomorrow morning.

The number of search planes has been reduced each day this week.

The yellow, twin-engine Cessna Crane disappeared 12 days ago while on a flight from Grande Prairie to Edmonton.

Although hope is slim that any of the men still survive, no date has been set for abandonment of the search, the searchmaster said.

Missing aboard the plane are Harry Pennington, pilot and owner, and Harry Morton, both of Vancouver and three Edmonton men, Stuart Reid, James Mulcahy and Joseph Dery.

A reward of \$1,500 has been posted for information leading to discovery of the plane or its passengers.

**Annual Police Ball Described As Big Success**

Bell-does, motorists and juvenile delinquents all co-operated with city police to make the annual police ball held at the Macdonald hotel last night a resounding success.

Not one accident was reported, not one building broken into nor one case of juvenile vandalism reported in one of the quietest nights of police activity in many weeks.

The ball, attended by elite dignitaries, local businessmen and policemen was termed a "trough success" by Chief Constable Reg Jennings.

**City Laborer Injures Head**

A city laborer, John Marchak, 29, of 12241, 95th street, received a cut on the head in an industrial accident at the OK Construction shops Wednesday afternoon.

He was taken to Royal Alex hospital by private auto.

## Edmonton Faces Crisis In Parking

Miracle Mile Should Get Car And Home Owners Votes

Parking and traffic control in modern cities forms the greatest single problem of the day. American cities are spending billions in attempts to regularize city centre areas. Large and small businesses are facing bankruptcy because customers cannot find parking space. This third article in the civic centre series deals with Edmonton's parking problem.—Editor.

It is difficult to visualize any Edmonton taxpayer who lives in a car-voting against the civic centre project on Nov. 1. Because automobile parking and traffic control in the downtown area is becoming Edmonton's No. 1 problem.

And it is a problem that will cost every merchant and every small home owner money unless some plan is undertaken soon to remedy the situation.

The small merchant should be solidly behind the Miracle Mile project because it may well be the means of keeping him in business in the downtown area.

**FOR HOMEOWNER, TOO**  
The homeowner should be just as solidly behind the civic centre project, but for a different reason.

As car parking and traffic control problems multiply in downtown Edmonton, merchants start looking around for sites in the outskirts where customers can find parking accommodation.

The revenue loss to the city will have to be made up. It will be partially made up through increased property taxes on the remaining downtown businesses that survive. The remainder and far the greater portion will be made up at the expense of the small home owner.

Opponents of the civic centre project have been raising the bogey of increased taxes for the small home owner. It is not yet so apparent if the agreement to build the Miracle Mile is approved.

Even if the project never brought a single dollar to the civic treasury, it would come out of the greatest financial assistance in history. Slumping it would save Edmonton home owners tax dollars through the loss of revenue from the 2,000-car parking facilities to be delivered in the downtown area.

**DELIVERY COSTS**  
Even now downtown merchants complain of constantly increasing delivery costs.

One veteran Edmonton merchant testified before the public utility commission that his delivery costs have increased by 30 per cent since 1930, due entirely to the fact that his customers demand he deliver goods they formerly took home in their automobiles.

Customers just won't shop where they have to walk many blocks to Edmonton.

blocks to make purchases. This is especially true of women shoppers and women do most of the shopping.

The civic centre project will be a lifeline to the downtown small businessman for another reason.

The big stores can still afford to purchase high-priced land to provide their own customer-parking space.

The little merchant can't afford his own parking area.

Here are a few points that should be presented as election day draws near.

(1) There are only 1,067 available meter parking spaces in all of the downtown area.

(2) This does not even accommodate delivery vehicles, professional and working people who drive their cars to the downtown area. What chance has the shopper left?

(3) Next year this 1,067 meter spaces will be greatly reduced.

(4) Only 485 vehicles can be parked at one time on Jasper street between 57 street and 101 street. Very soon there will be no parking spaces.

Because Edmonton is still expanding rapidly, as a result of an increased boom, sharp decline in home ownership is not yet so apparent here.

But in older cities this has brought a single dollar to the civic treasury, it would come out of the greatest financial assistance in history. Slumping it would save Edmonton home owners tax dollars through the loss of revenue from the 2,000-car parking facilities to be delivered in the downtown area.

Similar conditions will prevail in downtown Edmonton in the near future unless immediate steps are taken to remedy the situation.

The Miracle Mile project would go a long way toward solving the problem. It is the only project that promises immediate large scale relief for the downtown business section of Edmonton.

**YOUTHFUL LOVERS** Farley Granger and Ann Blythe find their romance menaced when up-and-coming star Joan Evans enters scene in Samuel Goldwyn's domestic drama, "Our Very Own," which opens at Capitol Theatre Friday. Miss Blythe is starred as adopted sister of Miss Evans who is caused much unhappiness when truth of her adoption is revealed.

## Goldwyn's 'Our Very Own' Is Document Of Family Life

"Our Very Own," Samuel Goldwyn's current human interest drama aimed at the entire family, begins Friday at the Capitol Theatre.

With Ann Blythe, Farley Granger and Joan Evans in the stellar roles, the new Goldwyn production presents an unusually appealing story of American family life.

The Maraschia, with their three daughters, live quiet and happy lives up to the point when the oldest girl, Gail, is about-to graduate from high-school.

The middle daughter, Joan, jealous of the attention Gail is receiving, first with Gail's boy friend, Chuck, and accidentally finds out that her older sister is an adopted child.

When Joan maliciously reveals the secret, Gail is stunned, and into her efforts to adjust herself to the situation are woven the threads of a crisis.

**STRONG CAST**  
Miss Blythe has the key role of Gail.

## Canucks Won't Be Told Role Till Korea Reached

TOKYO, Oct. 26.—(CP)—Brig. F. J. Fleury, Canadian liaison officer in Korea, said today he cannot anticipate the role that Canada's Korea force will be required to play on arrival in the war zone. The Canadians' duties would be assigned in Korea.

The Canadian officer added that "the swift turn of military events" does not permit him to say what percentage of the unit will remain in Korea or for what length of time.

Fleury said that a fully-equipped Canadian advance party of 400 left Seattle for Korea last Monday.

A report from Seattle Saturday said the Canadian troops had already embarked at that time.

The advance party is part of a special force of 3,000 Canadian army men which will form the first world military group to be placed at the disposal of the United Nations, Fleury said.

He said the expenses of the Canadian brigade, including equipment, will be paid by Canada. But the United Nations command will provide field supplies like food and fuel.

**STATEMENT TEXT**  
Fleury said: "The swift turn of military events in Korea do not permit me to anticipate the role the Canadian army special force will be required to play upon arrival and what percentage of the unit will remain in Korea and for what length of time."

"But the brigade will continue to force at the disposal of the United Nations ready to serve wherever the United Nations may require its services."

The special force wears the regimental Canadian army uniform with a Maple Leaf shoulder patch surrounded by the white, olive branch of the United Nations emblem.

**Cave-In Traps Five**  
JOHANNESBURG, South Africa, Oct. 26.—(Reuters)—A cave-in 600 feet below ground yesterday trapped one European and four African workers in a gold mine near here. Rescue gangs were last night trying to break through to them.

### Trucker Tried For Smuggling Pipe From U.S.

GALBERT, Oct. 26.—(CP)—Kenneth L. Lebert, Calgary trucker who once operated international Freight Lines, Monday was committed for trial on one count of smuggling and three of selling goods alleged to have been smuggled.

Preliminary hearings on similar charges will continue in police court today.

Most of the charges involved importation of large quantities of pipe, claimed duty exempt because they were to be used in drilling oil wells, which were later allegedly sold for other purposes.

### 3 Montrealers Get Life Terms

MONTREAL, Oct. 26.—(CP)—Three Montrealers, found guilty of manslaughter during the present (CP)—Inspector Thomas Soudas of the provincial police said today that Alex Vankovich, 35, who claims to have accidentally shot and killed 10-year-old Ted Reo during a hunting trip last Sunday, has been released.

The inspector said the boy will not be charged in his companion's death. However, he will be a witness at an inquest at nearby Kirkton next month. He was returned to custody of his parents.

Inspector Soudas quoted the boy as saying:

"He was my best friend. I didn't mean to shoot him. I tripped over the roof of a tree and the rifle went off. I was scared when I saw he was dead, so I hid his body under the stump of a tree."

The Rose boy's body was found yesterday after 400 persons, including 200 soldiers and several police officers, had spent three days searching for him through rough bush country.

### Death Case Boy Freed

MADAWASKA, Oct. 26.—(CP)—Inspector Thomas Soudas of the provincial police said today that Alex Vankovich, 35, who claims to have accidentally shot and killed 10-year-old Ted Reo during a hunting trip last Sunday, has been released.

The inspector said the boy will not be charged in his companion's death. However, he will be a witness at an inquest at nearby Kirkton next month. He was returned to custody of his parents.

Inspector Soudas quoted the boy as saying:

"He was my best friend. I didn't mean to shoot him. I tripped over the roof of a tree and the rifle went off. I was scared when I saw he was dead, so I hid his body under the stump of a tree."

The Rose boy's body was found yesterday after 400 persons, including 200 soldiers and several police officers, had spent three days searching for him through rough bush country.

### French Fight Rearmament Of Germany

PARIS, Oct. 26.—(UP)—The French National Assembly early today endorsed the government's refusal to agree to even limited reararmament of Germany until Western Europe has been unified.

The Assembly rejected, 349 to 235, an American proposal to raise German divisions to join those of other powers in the North Atlantic Pact defense force.

Premier Rene Pleven said the assembly the government would consent to inclusion of German units in a single European army, but only if western European powers first agreed to:

1. Adopt the Schuman plan for an international authority to control and co-ordinate western Europe's heavy industries.

2. Nominate a defense minister with authority over the proposed 3. Form a European assembly which the defense minister would be responsible.

"If the basic principles of our plan are rejected," Pleven said, "the government will maintain its opposition to German reararmament."

The assembly also rejected, by 402 to 18, a proposal to create a German army and high command.

# Russ Peace Plan Said Hypocritical

Acheson Assails Soviet Scheme To Bring About German Unity

By Donald J. Gonzales  
Special to The Bulletin  
WASHINGTON, Oct. 26 (AP)—Secretary of State Dean Acheson said today Russia's "peace plan" for Germany is shot through with rank hypocrisy.

## MLA Charges Breweries Restrict Sale

WINNIPEG, Oct. 26 (CP)—The Manitoba Legislative Assembly today charged the brewers with restricting the sale of beer.

Mr. McDowell, member for Verdun, said some hotelkeepers through "connections" with brewers restrict the sale of beer to their own patrons.

He filed with the committee a financial statement showing beer profits had risen from \$192,543 in 1945 to \$1,048,013 in 1949 and said these figures did not warrant beer price increases which went into effect last month.

**PAY LESS**  
C. A. Tanner, managing secretary of the Manitoba Hotel Association, said the Manitoba Liquor Commission's administration of hotel inspections had made tremendous improvements in rural hotels. Less than 30 of Manitoba's 368 hotels now were without modern plumbing.

He said he knew of no cases of overcharges between breweries and hotels and said he had never seen any prosecutions arising from such overcharges.

Mr. Tanner produced figures showing Manitoba beer-drinkers pay less for their beer than those in Saskatchewan and Alberta.

## Ex-Edmontonian, Company Head Retires Oct. 1

HAMILTON, Oct. 26 (CP)—W. Lockhart, president of the International Harvester Company of Canada, is retiring Oct. 31 and to be succeeded by C. D. Hoise, senior vice-president, it was announced yesterday.

Mr. Lockhart began his service with the company in Brandon, Man., as a salesman in 1915. He was promoted assistant manager at "Hardinge in 1918, and in November, 1919, was transferred to Edmonton in the same capacity.

Mr. Hoise in June, 1946, was appointed director general of the company's European operations with headquarters in Chicago.

## Holy War Said Aim Of Pakistan

CALCUTTA, India, Oct. 26 (AP)—Jogendra Nath Mandal, former minister of law and labor in the Pakistan cabinet, said last night Pakistan is "secretly" scheming one day to wage a holy war against India.

Mandal said in a statement that there was no immediate prospect of war, however, and Pakistan was unlikely to declare war over Kashmir, the disputed northern province. Mandal, only Hindu minister in Muslim Pakistan's government, resigned Oct. 6, declaring Pakistan was determined to exterminate Hindu minorities, especially in East Bengal.

## Sikorsky Associate Dies In Stratford

STRATFORD, Conn., Oct. 26 (AP)—Boris P. Leshensky, 35, an associate of Igor I. Sikorsky in the development of airplanes, flying boats and helicopters, died yesterday. Leshensky was credited with the major role in developing helicopter rescue equipment.

## Errol Flynn Falls, Hurts Back Slightly

NICE, France, Oct. 26 (AP)—Honeycombing actor Errol Flynn fell and injured his back Tuesday night while boarding a speedboat in the harbor of nearby Villefranche. A doctor who attended the 40-year-old screen hero said the injury was painful but apparently not serious.

# Canada's Naval Force Gets New Korean Task

SEOUL, Korea, Oct. 26 (CP)—Canadian ships in the United Nations force in Korea, after a series of jobs ranging from reconnaissance to close-range bombardment, were engaged in yet another role today.

A unit of units of Canada's three-destroyer contribution to the Korean fleet formed a part of the huge marine-carrying armada massed off Wonsan, on the west coast.

First reports did not indicate which of the ships were in the flotilla, made up of Canadian, British, American, French, New Zealand, Australian and South Korean ships.

The destroyers Corvus, Athabasca and Stouart have been in Korean waters since early in the war.

The armada's job is to get the remainder of a 2,000-ton marine force ashore following a landing earlier by a reinforced force. The landing was unopposed, but four landings east were blown up by Russian-made mines sown before the North Koreans fled.

Earlier the ships helped in the dangerous job of cleaning captured ports of Red mines. It was this "minesweeping" which made possible the Wonsan landing. South Korean ground forces, who took the city before pressing on for Pyongyang, the capital, discovered the harbor was a death trap, and the marine landing was delayed six days.

The ships, at other times in the past, have been used in the Korean peninsula.

WINNIPEG, Oct. 26 (CP)—An justice court jury yesterday convicted four persons of narcotics offences after a week-long trial, one of the biggest and most hard-fought narcotics trials in Winnipeg history.

The three Kijick brothers, John, 35, William, 33, Peter, 26, and Mrs. Sally Smallwood, 25, were remanded for sentence by Mr. Justice P. J. Montague of the Court of King's Bench.

The jury deliberated for 14 hours, then returned with a verdict of guilty on three counts of the conspiracy indictment against the four accused.

They were convicted of conspiring to possess, transport and sell narcotics. On the court's suggestion, they were acquitted on the fourth count of conspiracy to distribute narcotics.

All four were arrested early this year after RCMP sprung an elaborate planned trap on midtown Arlington street after watching the delivery of narcotics to a reformed addict on eight consecutive days.

The trial opened at the start of the fall session, Oct. 17. It had been scheduled to finish last Friday but defence counsel Harry Walsh and C. N. Kounner put up a hard-fought battle for the freedom of their clients and the trial stretched a further three days.

"The peace treaty case looks very delicate but to whom is it to be served? There must be a German government with whom a treaty can be concluded. Let the German people freely elect a national government and we have proposed again and again, and we can then move toward a peace treaty."

The proposal for an all-German council, composed of equal numbers of delegates from the east and west, takes two questions. "Would the East German representatives be appointed by the Communist party regime or would they perhaps have the added cover of a fake election? And why should the 18,000,000 captive Germans of the east have equal representation with the 47,000,000 free Germans of the west?"

## All-Women's World Holds No Charm for Nazla Dane

By Barbara Fosdick

No feminist, is Miss Nazla Dane, president of Toronto's Business and Professional Women's Club, who thinks life without men would be very dull.

Miss Dane, who is in charge of educational and women's division of Canada Life Insurance Co., association spoke to Edmonton members of B. and P. club last night.

"Women are gradually finding out that they do have something to offer the public," stated Miss Dane, "and it is indeed time they made better use of these opportunities."

"You often, they are content to sit back and 'let George do it'."

**SHARE TOP ROLES**

"I would not favour a purely woman's world, but I would like to see women holding top positions, and a government in which 151 members of 262 were women."

Miss Dane is visiting Edmonton on her way home to Toronto from Vancouver where she attended the annual meeting of Canadian Education Association.

**SPEAKER** at Local Council of Women meeting today is VON supervisor Miss Mary Hoffman. She addressed an open meeting at board room of Community Services Centre at 2:30 p.m.

## Holy Trinity Tea, Bazaar to Be Soon

Plans were completed at recent meeting of Holy Trinity Women's Auxiliary for annual bazaar and

Stated for Nov. 15, after will last through afternoon and evening.

**'TIS AUTUMN NOCTURNE** time for teen-agers in Edmonton with Variety Teens' initial presentation of a "night-club party." First affair will take place at Recreation building Friday when spotlights, tables, refreshments and floorshow will be featured. Star performers will include Norma Smith, left, Betty Mae Smith, Audrey Philips, Hope Paton.

**ADVENTURE IN ENTERTAINMENT** world is in store for Edmonton teenagers Friday when "Autumn Nocturne" is presented by Variety Teens. Marie Wilson, director of the floor show to be held during the evening. Light-hearted lads with feet to match are John Kerr, left, Darow Mynowich, Phil McComb, Phil Baker. They will take part in show.

## Social Whirl

**BRIDE-ELECT** Mary Elizabeth Short has been entertained widely in the last weeks before her marriage.

She will become the bride of Albert H. Hamblin, Nov. 1, at First Baptist church.

Chief Constable Reginald Jennings and Mrs. Jennings entertained at a dinner party in the bride-elect's honor recently.

On another occasion, Mrs. Muriel Blacklock was hostess to 18 guests at a matelassé shower. Mrs. Andrew Fletcher was a miscellaneous shower hostess in honor of Miss Short also.

**WHIPPED CREAM** topped pumpkin tarts were prizes for everyone at the University Hospital of Alberta Women's Auxiliary desert bridge yesterday.

But Mrs. N. E. Newman walked away with a special prize for high hidden score. Mrs. William Murray won the low hidden score prize.

Convener Mrs. M. M. Castor announced the more than 70 tables of bridge players filled the nurses' residence.

President Mrs. D. M. Mendes welcomed guests.

**SUNNY OCTOBER SKIES** greeted Mrs. Ingar Telmer and her three children when they arrived in Edmonton this week.

They have come to join Mrs. Telmer who is in the city to take over the managerial post at Hudson's Bay Company store here.

Until their home-hunting problem is solved, they are guests at the Macdonald hotel.

**HONORING** Eleanor Heiberger, whose marriage to George Puley takes place shortly in Toronto, girls of Administrative Section of Correspondence School, Branch entertained recently.

At a shower held in Windsor Tea Room, girls of linen were presented to guest of honor. Prizes for games were won by Mona Miller, Peggy Moorhouse, Mary Sothman, Norma Bruce and Noreen Olive.

## Campus Co-Eds Combine Forces for Fashion Show

Fashions for the care-free co-ed... and fashions for the student grind will be mixed, matched, blended and paraded for Edmonton people tomorrow.

### Club Dinner Meet Held at Macdonald

Miss Freida Spady was named president of the Stenographic Club at the seventh annual meeting held recently at the Macdonald hotel. Dinner was served to the members and an evening program presented.

Greetings were sent from absent members. Mrs. June Giesler, Mrs. Helen Roberts and Mrs. Beth Olden were in charge of entertainment.

Plans for the dinner meeting were made by the retiring executive. Norma Bruce, secretary; Susanne Dane, treasurer.

Helen Rolfe is the new secretary.

## 'Little Helpers' Gather At Church For Infant Service

They told and their mothers met yesterday when annual "Little Helpers" service was held at All Saints Cathedral.

Dean J. Grant presiding conducted the brief service in the cathedral, assisted by Rev. J. E. Williams.

Children placed their offerings in boxes on the chancel steps in an orderly procession.

Later a party was held in the parish hall where refreshments were served to children and their mothers by Women's Auxiliary groups.

Mrs. R. V. Butler was in charge of arrangements.

## Craft Guild Announces Date of Fall Exhibit

Annual fall exhibit and tea sponsored by Canadian Handicraft Guild will take place at Convocation Hall Nov. 24 and 25.

This was announced by Mrs. Philip Jean, president, at a recent meeting of the guild.

A McNally sent messages saying he would continue his flying course and Miss Christine Norey announced she would begin spinning lessons immediately.

Mrs. J. Wilmut reported that instruction would start in pottery. Anyone wishing lessons is to contact Mrs. Wilmut at Victoria Composite High School for enrollment.

Mrs. Jean gave a brief report of the exhibition of the Calgary Handicraft Guild. She described the experience and variety of the display.

Yellowknife branch of the guild was notified of their wish to be affiliated with the Edmonton branch. It was unanimously decided to meet the request.

Mrs. J. Hutton gave a talk on weaving at the Banff School of

### Calendar

**WEDDING PLANS** were announced recently by Mr. and Mrs. Robert Short of Edmonton, of their daughter Mary Elizabeth, and Albert Henry Bramhall, bridegroom-elect is son of Mr. and Mrs. George Bramhall of Vancouver. Marriage will take place in First Baptist Church, Nov. 7, at 8 p.m.

**HIGHLANDS UNITED CHURCH** will be setting for wedding of Joyce Audrey Passmore and Bruce Douglas Patterson Nov. 3. Engagement announcement was made today by bride-elect's parents Mr. and Mrs. William Patterson. Mr. Patterson, law student at University of Alberta, is son of Mr. and Mrs. Guy Patterson.

### Original Fashions In Mass Production Now From Paris

PARIS (UPI)—The woman of average means now can have the chic and distinction she has always longed for and never could afford—an authentic couturier dress. The associated couturiers make these dresses, retailing at \$3,000 to \$4,000 francs (\$75 to \$100). The idea was thought up by M. Gannon, Lavin and M. Dhome when they saw the success "boutique" dresses—as distinct from more costly models—were having with the smartest women. The intention is not to compete with the haute-couture creations, but to offer an easy-to-wear version of the latest styles at a tempting price. Five leading couturiers—Jean Desset, Jacques Patu, Robert Piguet, Paquin and Carven—submit designs to Dhome and Lavin. The two carefully check the sketches with an eye to simplicity and unexaggerated elegance. Once they have decided on the best numbers, the originals are given to contractors, complete with color and samples of fabric. The finished garment is returned to the associated couturier headquarters. Yardage, cut and workmanship are never skimped and reasonable prices are obtained by mass production and good distribution.

### Career Girls Face Work-Roughened Hand Problem Too

Since career girls usually escape such hand-washing chores as dish-washing and mop-wringing, many homemakers are inclined to believe that lovely hands present no difficulties for the business woman. This is rarely the case. Although the working girl's hand problems are quite different from those of the housewife, they are equally challenging. Particularly is this true since the professional woman's hands are in public view so much of the time. Ranking high among the difficulties confronting business girls are fingernails. Typewriter keys wear them down; telephone dials break them off; papers nick their polish. One answer is shorter nails. When they are shaped to follow the natural line of the fingertips, there is less danger of catching and breaking. It helps, too, to use a pencil for filing, and to add an extra coat of polish to reinforced paper cuts. Papers often play the villain with hands, too, slicing minute cuts into lacquered fingers handling them. These scratches, which are as unsightly as well as painful, can sometimes be avoided by winding a bit of office tape around the tips of fingers that are most often victims. Dust, which is responsible for many of the housewife's beauty problems is also a factor in soap or office. If frequent hand-washings are the order of your working day, as the result of carbon-paper smudges or inked typed, make a practice of using your own good quality soap rather than the skin-drying kind provided in most lounges.

### 'Salome' of 70 Dances Again

NEW YORK, Oct. 20.—(AP)—A salome in her 70s swirls across the stage, her slender body away in sinuous rhythm. Ruth St. Denis, who swept to fame 30 years ago in dancing again. Tall, slender Miss St. Denis moves with the grace of a woman of 25. Her blue eyes sparkle as she tells the secrets of keeping young. "First you have to keep spiritually awake," she says. "Without my faith and religion I wouldn't be alive. Next you have to be tremendously interested in something creative. And, of course, you have to take care of the body's health. I watch what I eat and do at least 20 minutes of exercises every day." Miss St. Denis leaped to fame at a time when most American entertainment was keyed to the vaudeville circuit. She took her oriental dances to vaudeville and scored a tremendous hit. Later she and Ted Shawn, another famous dancer, married, toured the United States and the Orient and founded Denishawn.

**Do You Know—**  
Q—What is the source of congressional immunity for statements made in Congress?  
A—The Constitution states that for any speech or debate in either House, congressmen shall not be questioned in any other place.

## Women Today

### Friendly Relations Stressed by YWCA

EDMONTON BULLETIN, Thursday, Oct. 26, 1950 17  
"Women should study the world situation and be ready to use every means to develop friendly relations between peoples," said Miss Irene Chapman, executive director of Winnipeg YWCA as special guest at first Alberta YWCA Regional Conference held in Banff Oct. 23, 24, and 25. Thirty-six delegates from Edmonton, Calgary, Lethbridge and Medicine Hat registered under the chairmanship of Mrs. Horace Johnson, provincial vice-president National Council YWCA. Topic of the conference "The Y begins with me—my understanding, use, and acceptance of the Y purpose" was introduced by Miss Chapman. Mrs. H. G. Atkinson of Calgary reported on World's Membership Conference at Whittier. Calgary president Mrs. J. D. Williams presided at the Saturday morning session. Mrs. G. E. Andrews conducted the Worship Service.

**BANQUET SATURDAY**  
Following the banquet Saturday evening, conference convenes again under the chairmanship of Mrs.

SO PURE... SO GOOD... SO WHOLESOME FOR EVERYONE

### Friendship Club Feted by Kiwanis

Scena Friendship Club members laughed and sang their way through their Tuesday night meeting this week. They were entertained by members of South Side Kiwanis Ladies Club at games, novelty contests dancing and a sing-song. Mrs. Leon Kitten accompanied the musical numbers with accordion music.

## in the KITCHEN...

By Jane Scott

Cheese 'n children make a happy, contented family... or so goes the old saying.

But the true cheese has a protein-high food value that's hard to beat in any other single tasty tidbit.

And oh... how gracefully cheese combines efforts with meat, fish, eggs, fruits, vegetables!

How gracefully it acts in a dainty, mincing manner for afternoon tea-parties... and how hearty, wholesome it acts when it plays a regal role in the family's main-dish menu!

Packaged or by bulk, cheese is one answer to the quest for nutritive, inexpensive food. Have a look at these packaged cheese recipes.

## VEGETABLE LUNCHEON PLATE

- 1/2 lb. cheese
- 1 cup milk
- Roasted tomato halves
- Canned asparagus
- Teat
- Cooked whole onions
- Butter
- Chopped parsley

Melt the cheese in the top of a double boiler. Add milk and stir until smooth. Pour over tomatoes. Sprinkle with parsley and onion. Bake in a hot oven (425 degrees Fahrenheit) for 15 minutes.

Place 1 cup milk in a small saucepan. Bring to a boil. Add 1/2 cup of chopped onion. Arrange four servings of asparagus in a shallow dish. Pour the milk and onion mixture over the asparagus. Bake in a hot oven (425 degrees Fahrenheit) for 15 minutes.

## VEGETABLE CROWN

- 1 cup flower soaked
- 1/2 cup melted butter
- 1 lb. French cut green beans, cooked
- 1/2 lb. cheese
- 1/2 cup milk

Melt the cheese in the top of a double boiler. Add milk and stir until smooth. Pour over beans. Sprinkle with butter and flower. Bake in a hot oven (425 degrees Fahrenheit) for 15 minutes.

Melt the cheese in the top of a double boiler. Add milk and stir until smooth. Pour over beans. Sprinkle with butter and flower. Bake in a hot oven (425 degrees Fahrenheit) for 15 minutes.

## FONDUE-TOMATO SAUCE

- 1/2 lb. cheese
- 1/2 cup milk
- 1 egg
- 1/2 teaspoon salt
- 1/2 teaspoon dry mustard
- 1/2 cups soft bread crumbs, firmly packed
- Tomato sauce, heated

Melt the cheese in the top of a double boiler. Add milk and stir until smooth. Add egg, salt, and mustard. Stir until smooth. Pour over tomato sauce. Sprinkle with bread crumbs. Bake in a hot oven (425 degrees Fahrenheit) for 15 minutes.

## CHEESE SAUCE ON FISH

- 1/2 lb. cheese
- 1/2 cup milk
- 1 egg
- 1/2 teaspoon salt
- 1/2 teaspoon dry mustard
- 1/2 cups soft bread crumbs, firmly packed
- Tomato sauce, heated

Melt the cheese in the top of a double boiler. Add milk and stir until smooth. Add egg, salt, and mustard. Stir until smooth. Pour over tomato sauce. Sprinkle with bread crumbs. Bake in a hot oven (425 degrees Fahrenheit) for 15 minutes.

## MACARONI BAKED WITH

- 1/2 lb. cheese
- 1/2 cup milk
- 1 egg
- 1/2 teaspoon salt
- 1/2 teaspoon dry mustard
- 1/2 cups soft bread crumbs, firmly packed
- Tomato sauce, heated

Melt the cheese in the top of a double boiler. Add milk and stir until smooth. Add egg, salt, and mustard. Stir until smooth. Pour over tomato sauce. Sprinkle with bread crumbs. Bake in a hot oven (425 degrees Fahrenheit) for 15 minutes.

SPECIALTY of the house is spaghetti with a rich cheese 'n' tomato sauce. Seasoned meat makes a welcome flavor addition too.

## HEAT BEFORE POURING INTO THE MACARONI

- 1/2 lb. cheese
- 1/2 cup milk
- 1 egg
- 1/2 teaspoon salt
- 1/2 teaspoon dry mustard
- 1/2 cups soft bread crumbs, firmly packed
- Tomato sauce, heated

Melt the cheese in the top of a double boiler. Add milk and stir until smooth. Add egg, salt, and mustard. Stir until smooth. Pour over tomato sauce. Sprinkle with bread crumbs. Bake in a hot oven (425 degrees Fahrenheit) for 15 minutes.

Melt the cheese in the top of a double boiler. Add milk and stir until smooth. Add egg, salt, and mustard. Stir until smooth. Pour over tomato sauce. Sprinkle with bread crumbs. Bake in a hot oven (425 degrees Fahrenheit) for 15 minutes.

Melt the cheese in the top of a double boiler. Add milk and stir until smooth. Add egg, salt, and mustard. Stir until smooth. Pour over tomato sauce. Sprinkle with bread crumbs. Bake in a hot oven (425 degrees Fahrenheit) for 15 minutes.

Cheese 'n Apple Pie  
A Canadian Favorite  
Dish for Tourists

Recent suggestions that cheese and apple pie be served tourists as Canada's favorite dish finds us with a recipe for apple pie with cheese crust.

Line pie plate with pastry and cover with layer of thinly sliced apples. Allow about two tablespoons of sugar to each apple. Sprinkle sugar, mixed with a little cinnamon or nutmeg over the apples. Dot with butter.

Repeat until pie plate is well filled.

Roll one-half cup grated cheese into pastry for upper crust. Cover apples with the cheese crust.

Bake in a hot oven (425 degrees Fahrenheit) for 15 minutes.

Reduce heat to 350 degrees Fahrenheit and bake for 20 to 30 minutes longer or until apples are tender.

Baked Fish Dish  
For Dinner Menu

BREAKFAST: Sliced bananas and blueberries, ready-to-eat cereal, coffee cake, coffee, milk.

LUNCHEON: Kidney bean and egg salad, sliced tomatoes, toasted muffins, butter or fortified margarine, frosted gingerbread, tea, milk.

DINNER: Cheese cracker, mashed potatoes, parsley potatoes, buttered beans, crisp rolls, butter or fortified margarine, raw carrot sticks, cucumber sticks, fruit compote, coffee, milk.

## Uncle Wiggly's Bedtime Story

Uncle Wiggly just loved to make surprise. Sometimes he would surprise his wife by walking softly up behind her and calling "Surprise!" in a loud voice. Then Mrs. Longears would jump as high as a peanut, or maybe two peanuts, and the would say:

"Oh, Wiggly, my dear, how you surprised me!"

The rabbit gentleman had hoped into the kitchen of his hollow stump bungalow looking for the market lady housekeeper. He wanted to ask her for some bread bread spread with carrot jelly.

Nurse Jane was in the kitchen. But the table were some eggs, sugar, flour, rice and other things.

"It's it!" laughed Uncle Wiggly softly to himself. "I will make a rice pudding and surprise Nurse Jane. She was going to make one, for she has wet out on the table all the things that are needed to cook a fine rice pudding."

But I guess maybe Nurse Jane had to run away to answer the telephone. Before she comes back to the kitchen, I'll make the rice pudding and surprise her."

Uncle Wiggly tinkled his pink nose slowly and carefully, for making a rice pudding, especially a surprise rice pudding, is no easy piece of work. So, after slowly and carefully tinkling his pink nose, Uncle Wiggly said:

"As I remember, the first thing to do is to break the shells of some eggs and put the whites and yolks of the eggs into a bowl."

Picking up an egg, the rabbit gentleman hit it against the edge of a bowl. But he must have hit the egg too hard, for the egg

smashed into a dozen pieces and the white and yellow dripped down on the kitchen floor.

"Oh, my! Oh, my!" laughed Uncle Wiggly. "That is no way to break an egg to make a surprise rice pudding. I must be more careful. This time he was more careful and the white and yellow of the egg went into the bowl instead of on the kitchen floor."

"Now I am doing all right," said the rabbit gentleman. "Next I must beat up the egg with the egg beater. Here I go!" Mrs. Longears heard the beater on the fast the white and yellow of the egg splattered up on the pink nose.

"Oh, me! Oh, my!" laughed Uncle Wiggly. "That was a surprise for me, but I guess there is enough egg left in the bowl to make a rice pudding. I will now stir in some sugar."

Uncle Wiggly, the surprised from the package, in which it had come from the store, a lot of hot white grains of rice. The rice was hard because it had not been cooked in boiling water, as rice should be to make a pudding. Then, just as Uncle Wiggly was putting some orange juice in the bowl, Nurse Jane hurried into the kitchen.

"What goes on here?" she asked. "It is a surprise rice pudding for you," said Uncle Wiggly.

"Oh, my! How very..."

That was all Nurse Jane had time to say, for she had a terrible surprise in a different way. For you about it tomorrow if the foot ball will put on its sweater before it goes out to play with the roller skate.

## Bacon Troubles Said U.K. Fault

Ottawa Says U.K. Responsible If Contract Is Unfulfilled

OTTAWA, Oct. 26.—(CP)—A government meat expert said yesterday that if Canada does not fill the terms of the 1950 Anglo-Canadian bacon contract, it would not be Canada's fault, but primarily that of the United Kingdom.

He was commenting on a statement made Tuesday at Winnipeg by W. G. Conway, British trade commissioner, who said that unless Canada can explain delays in fulfilling terms of the agreement, the U.K. will be forced to seek supplies in other countries.

Conway said for shipment of 60,000,000 pounds. Up to October only 18,000,000 pounds had been shipped. Shipments to date totalled 20,000,000.

The meat expert said it still was possible Canada would pay one way, but the U.K. had not agreed to pay the other way.

BRITAIN'S DOORSTEP

However, if Canada failed, the fault would lie at Britain's doorstep.

A year ago, when we asked the U.K. to sign a new bacon agreement, the U.K. hedged and waffled. It was not unexpected, the expert said.

"Finally, we had to take dollars out of wheat in order to complete the bacon contract. Had we known ahead of time that Britain wanted our bacon, we would have been perhaps better prepared to supply it."

Under Anglo-Canadian agreement, Britain last year was allowed to purchase \$10,000,000 worth of wheat from Canada to pay for 1950 bacon shipments.

NEW CROP YEAR

The portion of the wheat, supplied because of that transfer, was held over and shipped in the new crop year, beginning Aug. 1. Britain paid for a purchase at 1949 prices.

The meat expert said that despite the warnings of Mr. Conway, there have been discussions with U.K. officials concerning a 1951 bacon contract. These discussions had progressed to the point where they now must mature for cabinet decision in Canada and the U.K.

However, if a new bacon contract is not signed by the end of the year, the U.K. will be forced to seek supplies in other countries.

Toronto Medico Named Head Of World Group

TORONTO, Oct. 26.—(CP)—Dr. T. C. Rossiter of Toronto, general secretary of the Canadian Medical Association, has been re-elected chairman of the World Medical Association Council for the fourth time. It was announced here last night. The association, representing some 300,000 doctors in 59 countries, was organized last year.

Seed Situation

SASKATOON, Oct. 26.—(CP)—The seed grain situation for 1951 is grim but not hopeless, Jim Fair, chairman of Saskatchewan's section of the Saskatchewan Union of Canadian Seed Growers Association, said yesterday.

Chinese Presence In Korea Doubted

SEOUL, Oct. 26.—(AP)—An American Korean military advisory group spokesman said today an unconfirmed report had been received that "a supposed Chinese Communist" was captured and another was killed Wednesday near Ulsan, about 25 miles north of Seoul.

The spokesman, attached to the South Korean 1st corps, stressed that the report could not be confirmed, and added that the general belief was that the prisoner and the dead man were Koreans trained in the Chinese Red army.

It was noted by the officer that about 80,000 Koreans trained in the Chinese Red army came into Korea last spring.

The Dead Sea in Palestine is 1,300 feet below sea level, lowest continental point on earth.

## King Enters Commons But Retains His Head

LONDON, Oct. 26.—(AP)—The King yesterday walked through the new stone-and-oak House of Commons building and left 30 minutes later with his head still on his shoulders.

The last sovereign who had the nerve to enter the House of Commons, Charles I, was beheaded. But the circumstances differed. For one thing, the new building won't officially become the House of Commons until tomorrow.

King Charles I, a tyrant, visited the Commons 300 years ago to arrest leaders of the opposition. This started a revolution and Charles was beheaded by Oliver Cromwell.

Today was his last chance for an inspection without defying the constitution. Tomorrow the new building will be turned over to the Commons and become forbidden ground for the monarch.

King Charles had come with a squad of soldiers. King George brought the Queen, dressed in a deep blue colored dress, and the dignified Queen Mother Mary.

NOT ROYAL PARTY

Officially it wasn't even a royal party—just a distinguished stranger in a grey overcoat and derby hat, accompanied by two ladies.

One thing that caught the eyes of the royal party was the "Churchill Arch." It's a ragged old Gothic archway spanning the passage between the lobby and the chamber. It was built of battered grey stones salvaged from the wreckage of the old chamber.

The old building was shelled by German bombs in May, 1941. The arch's name makes it an enduring memorial to wartime Prime Minister Winston Churchill.

## Vishinsky Rides In Big Cadillac

LAKES SUCCESS, N.Y., Oct. 26.—Foreign Minister Andrei Y. Vishinsky of Russia showed up for work yesterday in a new car—a big black Cadillac limousine. The car has one unusual feature—a built-in flag pole on the left front fender from which flew the red hammer and sickle flag.

Today was his last chance for an inspection without defying the constitution. Tomorrow the new building will be turned over to the Commons and become forbidden ground for the monarch.

King Charles had come with a squad of soldiers. King George brought the Queen, dressed in a deep blue colored dress, and the dignified Queen Mother Mary.

The old building was shelled by German bombs in May, 1941. The arch's name makes it an enduring memorial to wartime Prime Minister Winston Churchill.

## PM To Attend

QUEBEC, Oct. 26.—(CP)—Prime Minister St. Laurent will be on hand here Sunday when the population of Quebec City says farewell to the 2nd battalion of the royal 22nd regiment. The 2nd battalion will leave Quebec to join Canada's United Nations force.

Black Market Food

MUNICH, Germany, Oct. 26.—(Reuters)—About 150 police with customs men from all over Bavaria yesterday surrounded Munich's notorious Nussbaumerstrasse and removed tons of black-market food. They arrested 13 persons whose papers were not in order.

OIL COULD PAY FOR BETTER SCHOOLS AND HIGHER TEACHING STANDARDS.

Clip and mail to your M.L.A. "A.T.A."

## COMPARE—AND YOU'LL CHOOSE GMC!

### TRUCK BUYER'S GUIDE

1/2 to 3 tons

New leading makes of trucks compare in twelve major features that insure greater dependability, longer life and lower maintenance.

FEATURES	GMC TRUCK	TRUCK "A"	TRUCK "B"	TRUCK "C"
REAR QUARTER WINDOWS—OPTIONAL	YES	NO	NO	NO
4-SPEED SYNCHROMESH TRANS. 1 Ton through 3 Ton	YES	NO	YES	NO
VALVE-IN-HEAD ENGINE	YES	NO	NO	YES
FOOT OPERATED PARKING BRAKE 1/2 and 3/4 Ton	YES	NO	NO	NO
SPLINED REAR AXLE SHAFT TO HUB 1 1/2 and 2 Ton	YES	NO	NO	NO
CAB SEAT ADJUSTMENT WITH AUTOMATIC SEAT BACK ANGLE ADJUSTMENT	YES	NO	NO	NO
REGULATING BALL BEARING STEERING GEAR	YES	NO	NO	NO
DOUBLE ARTICULATED BRAKE SHOE LINKAGE	YES	NO	NO	NO
COMPLETE RANGE OF MODELS—1/2, 3/4, 1, 1 1/2, 2, 2 1/2 and 3 Ton	YES	YES	NO	NO
ONE PIECE PLYWOOD FLOOR IN PANELS—AIDS DUST PASSING	YES	NO	NO	Sprayed Steel
PANEL BODIES LINED WITH SOUND DEADENER MATERIAL	YES	NO	YES	NO
DIAPHRAGM SPRING CLUTCH	YES	NO	YES	NO

LISTED here are twelve mighty important engineering and construction features that insure long life, low maintenance and greater safety in a truck. Only truck-built GMC's give you *all twelve!* No other make offers more than *two!* Don't be fooled by claims—look underneath the paint. If you want a real truck that will give you most miles per dollar, use this check list to measure up truck values. Remember, all these extra features... so important to the owner and the driver... are found only on a GMC.

You can carry bigger loads with better economy on a GMC truck

# National Pete To Drill National Acheson No. 1

By C. V. Myers  
Edmonton Oil Editor

National Petroleum will drill National Acheson No. 1, 2 locations northwest of Imperial Stony Plain No. 1, officials of the company announced yesterday. Location of the well is half a mile west of the Central Wild No. 1.

At the same time the company announced the acquisition of 160 acres in addition to the 480 acres already held in the area being drilled. Acheson holdings to 440 acres.

The National well will go down on the nearest location to the Imperial Stony Plain well, half a mile north and quarter of a mile west.

**SOUTHWEST QUARTER**  
The National block includes the southwest quarter of Section 28 and the east half of the southeast quarter of Section 29.

The middle of three 360-acre places was originally owned by National. Under the deal just announced National obtained the 80 acres on each side.

On the two acres acquired, National paid a nominal sum for a set half interest. Result of the deal gives the company the equivalent of a wholly owned 160-acre block.

One quarter mile west of this National owns 160 acres. A mile and a half north and a quarter of a mile west of this National owns 320 acres.

Officials said the well would start as soon as a contract rig can be moved in.

Central Wild No. 1 caught the red eye. Wild No. 2 and other recent developments strongly indicate this is the eastern edge.

**OTHER ACRES**  
It was 11 as the field would extend westward from Wild No. 1. Only other independent acreage in the area is a quarter-section owned by Western Homestead a mile west and quarter of a mile north of National well.

At Spring Creek National Company No. 1 was drilled in 1950. It was completed in 1951 and the well is 6,000 feet deep.

National Canadian No. 7, 30 miles southeast was at 2,600 feet. 4,400 feet above the line contact.

Nicholson Petroleum will follow up on this Campbell success with a vent offset almost at once, officials of the company said last night.

As Nicholson No. 1 goes into steady production, the rig is being located over for another well.

A 320-acre farmstead, affecting the Mile 12 discovery to the south of the Leslie field was also announced by the company.

Nicholson's nearest location would be a northwest offset to Mile 12 No. 1. It is 1 1/2 miles away. At the west end the half-section is only half a mile

# Strong Action On Oil Mart

CALGARY, Oct. 28.—There was continued strong action on the Calgary Exchange today with 537,257 shares traded.

Oilfield was most active, with 164,315 shares traded and closing at 25. Frequent followed with 159,770 shares traded and closing at 25.

Amoco 14, 25,000; Alta 14, 14,000; Canadian 14, 14,000; Imperial 14, 14,000; National 14, 14,000; Stony Plain 14, 14,000; Total 537,257.

# U.S. Shipping To Red China

WASHINGTON, Oct. 28.—(AP)—American shipping to Communist China almost tripled in August, second month after the Korean war broke out.

A Commerce department report yesterday showed that exports to China climbed last month to \$2,200,000 from \$1,000,000 in July. This was about nine times as high as August last year.

In addition, \$270,000 in goods went to Manchuria. There was no mention of what goods were shipped.

More people play tennis than any other game in Australia, all year round.

# Icecap Crossed In Both Directions

ROUEN, France, Oct. 28.—(AP)—The first men to cross the Greenland icecap in both directions have arrived at Villavieille, near here, in the Norwegian ship Polar River. They are 25 members of the French 1950 summer expedition to Greenland.

# Cruiser Home

PORTSMOUTH, England, Oct. 28.—(AP)—The cruiser Glasgow, flagship of the Royal Navy's Atlantic Fleet, returned home today after a 10-month tour of duty in the West Indies and Caribbean.

# Problems

which no man can foresee

YOU may feel that your family will be well provided for, no matter what happens to you. But, inevitably, the future will work changes... after family circumstances... hold unexpected problems which no man can foresee.

That is why it is the part of wisdom to select a permanent, experienced, sympathetic Executor and Trustee... one on whose integrity and discretion you can rely as you would upon your own.

In this all-important role, The Royal Trust Company offers you the promise of a corporation... the understanding of a friend... the collective judgment of many trained minds.

Let us analyze your future and help you plan your Will... now.

# What about the plums?

You are being shown very pretty pictures these days. Pictures of what might be done on four blocks of city-owned land. Very few people have ever asked this question: How much of these building projects does the agreement actually say has to be built? Putting aside any question of whether, after 15 months, actual construction may start—when it does start, just how much of this pretty picture are we going to get, according to the terms of the agreement? Read clause 4—and read it carefully. Notice the references to an "initial project" as outlined in subsection (d), 650,000 feet of rentable gross floor space is to be constructed. The auditorium is rentable! The parking is rentable! And yet, under the 800,000 square feet of public service space mentioned in this paragraph both are also listed as public service. And paragraph (e) goes on to say that construction of remaining property may be deferred from time to time . . . until tenants are able and willing to enter into leases which will ensure a reasonable return. So just how much, if ever, of these pretty pictures will we ever get—even if we give the Detweiler Project our approval?

And what about the other plums—parking, market, nursery, art gallery, museum, sidewalks, landscaping, night-lighting, fountains, auditorium?

Does anyone seriously suggest we should grant tax exemption on the basis of sidewalks, lawns, fountains, and floodlights? If we did—there'd be a flood of floodlights tomorrow!

Two stores—or one department store constitute a market. Can you find any other description of it in the agreement? The art gallery is a series of show windows down one side of an underground corridor—the museum is a series of windows down the other side! Worthy of tax exemption?

Nursery and children's playground? How much . . . and how big? Stores in Edmonton paying full taxes provide similar facilities.

Is parking a consideration? Since when did it become a public service to provide parking at ten cents an hour? And hasn't the city decided that all future buildings—tax exempt or not—must in future provide off-street parking?

Are these things worth the giving of property valued at two million dollars? We can make a better deal!

## VOTE NO . . .

We Can Make a Better Deal

PUBLISHED IN THE PUBLIC INTEREST BY

## THE EDMONTON TAXPAYERS PROTECTIVE ASSOCIATION

A large group of alert Edmonton citizens whose opposition has already brought thirty changes to the first agreement, and who are convinced we can still make a much better deal!

## Kremlin Quarrel Said Bad For Lie

Lake Success Gossip Buzzing About Stalin-Trygve Lien Rift

LAKE SUCCESS, N.Y., Oct. 26.—(AP)—United Nations headquarters today buzzed with reports that a quarrel in the Kremlin between Prime Minister Stalin and Trygve Lie led to Russia's vetoing of the bluff Norwegian as UN secretary-general.

Lie spent a week in Moscow last May during a swing around the world's great capitals trying to sell a 10-point peace plan designed to solve east-west differences. His trip was widely denounced in the United States as toadying to the Russians.

Exactly what happened when Lie met Stalin has been a closely-guarded secret for more than five months.

Jakob A. Malik, Soviet deputy foreign minister, however, let some of it out last night.

### CLOSED MEETINGS

He told a closed meeting of the Security Council, gathered to try and agree on a new secretary general, that Lie had declined to adopt some amendments suggested by Stalin and Deputy Premier V. M. Molotov to the peace plan.

Malik said the Russian leaders wanted the changes to weaken what he called the "pro-American bias" of the plan. He did not explain how the plan showed such a western orientation nor what the amendments were.

Key point of the proposal was for periodic high-level discussions to settle outstanding differences.

Lie declined to comment on the revelation. He was reported to feel

## Pope Pius Given Two Canaries

VATICAN CITY, Oct. 26.—(Reuters)—Pope Pius last night added two canaries to the tens of thousands of gifts he has received from pilgrims during this Holy Year. The canaries were among more than a dozen presents given to him by 1,000 Spanish women who, with about 30,000 other pilgrims, attended a mass audience in St. Peter's Basilica.

## Navy Air Force Has Waiting List

NEW YORK, Oct. 26.—(UP)—It's standing room only for navy reserve fliers itching to get back into uniform, the 2nd Naval District said today.

More requests from aviation reserve officers to return to active duty have been received at the bureau of naval personnel than can be filled in the foreseeable future, the navy announcement said.

Malik's remarks were made in a supposedly-private meeting that the navy announcement said. The navy was reported to feel

## Police Deny Accusation

Charges that police use "questionable" methods in interviewing juveniles in schools were vigorously denied by city police and RCMP officials Wednesday.

Edmonton school principals charged at a meeting of the School Board Tuesday night that interviews with school children are frequently held in camera and occasionally children are removed from the school without a warrant.

### POLICE DENIAL

Chief Constable Reg Jennings stated that no such practices take place.

"All officers doing such interviews with school children are fully experienced in the proper procedure to be used. I have never had any complaints and have the fullest confidence in my men."

Assistant Commissioner S. Bullock of the RCMP stated "juveniles

## Acme Electric Stoves

In the Space-Saving Three-Quarter Size

Completely up-to-date in design and construction. Electric minute alarm clock, available for 60-cycle service. Four tubular type surface burners . . . one extra large for faster-than-ever heating. Five heat controls. Oven is about 16" wide, 19 1/2" deep, 12" high, completely porcelainized, heavily insulated. Large porcelain enamelled storage compartment with shelf. Semi-porcelain salt and pepper shakers of modern design. Warming drawer. Electric appliance outlet. Signal light for top burners, oven and warming oven. Size about 31 1/2" wide, 25" deep and 36" high.

Each **\$260.50**

Also Acme Electric Stoves with modern Clock Control and Lamp. The automatic clock control to cook your dinner when you are out or busy elsewhere . . . just set the dials and the oven goes on and off at the set times (takes place of minute alarm). Also the beautiful "luminescent" lamp. Available for 60 cycle service.
